Surgical Mask, Level 3, ASTM, 3 layers of construction, bacterial filtration

PRODUCT SPECS

- 2000 Minimum Order (40 box min)
- Lead Time 7-10 Business Days
- Test Report Available
- BFE $\geq 99\%$, FDA, CE

Top and bottom layer non woven fabric, middle layer is Polypropylene ultra-fine fiber fusion-sprayed non-woven fabric. The middle layer being key to the effectiveness of proper particle filtering. The middle layer is the same type of treatment applied to N95 masks.

www.MEAKSolutions.com

PPE: FDA APPROVED KN95 MASK

KN95 masks go through the same testing for FFP2 as their N95 equivalent in the US. The FDA has cleared these masks as a substitute for N95s due to shortages and price issues. The testing for this mask was completed in China and passed compliance and CE certification. The factory has also been vetted thoroughly by our contacts overseas. There is no FDA cert, but this product is a viable option for anyone looking for shorter lead times and a reduced cost but the same quality of an N95.

PRODUCT SPECS

- 100k Minimum Order
- Lead Time 5-7 Business Days
- 840 per box
- One size fits most, Med/Lg (4.8")
- 65% Deposit required
- Funds must be wired at time of PO and the balance upon delivery

PPE: FDA CERTIFIED GOWNS AND HAZMAT

HAZMAT PRODUCT SPECS

- CPE(Chlorinated Polyethylene)
- S,M,L,XL
- 30 per box, 1500 per size
- 7-10 days from PO
- Minimum quantity of 2,000

GOWN PRODUCT SPECS

- CPE(Chlorinated Polyethylene)
- One Size Fits All
 - Size is 117cmX99cm
 - Arm length 65cm
- 10-14 days from PO
- Airfreighted, 100 per box >>2000 per skid

This product is for use on hard, non-porous surfaces in hospitals, nursing homes, healthcare facilities, schools, kitchen and bathrooms. This product is a ready to use non-acid bathroom cleaner, which cleans, disinfects and deodorizes. This product is a phosphate-free formulation designed to provide effective cleaning, deodorizing and disinfection in areas where housekeeping is of prime importance in controlling the hazard of cross-contamination on treated surfaces. This product can be used on hard, non-porous surfaces such as: floors, walls, shower stalls, shower doors and curtains, bathtubs and glassed tiles, chrome plated toilets, metal, stainless steel, glazed ceramic, sealed granite, sealed marble, windows, mirrors, tables, urinals, and bathroom fixtures.

DISINFECTION PERFORMANCE: This product kills the following bacteria in 10 minutes on hard, non-porous surfaces: *Bacillus subtilis*, *Campylobacter jejuni*, *Corynebacterium amnionigenae*, *Enterobacter aerogenes*, *Enterobacter cloacae*, *Enterobacteriaceae*, *Enterococcus faecalis*, *Enterococcus faecium*, *Escherichia coli*, *Escherichia coli* O157:H7, *Klebsiella pneumoniae*, *Legionella pneumophila*, *Listeria monocytogenes*, *Proteus mirabilis*, *Proteus vulgaris*, *Pseudomonas aeruginosa*, *Serratia marcescens*, *Salmonella schottmulleri*, *Salmonella typhimurium*, *Shigella boydii*, *Shigella flexneri*, *Shigella sonnei*, *Staphylococcus aureus*, *Staphylococcus aureus* (MRSA), *Staphylococcus aureus* Community Associated Methicillin Resistant (CA-MRSA), *Staphylococcus epidermidis*, *Streptococcus pyogenes*, *Vibrio cholerae*. **VIRUCIDAL* PERFORMANCE:** This product kills the following viruses in 10 minutes on hard, non-porous surfaces: Avian Influenza A (H5N1) Virus, Avian Influenza A (H7N1) Virus, Hepatitis B Virus, Hepatitis C Virus, Hepatitis E Virus, Human Coronavirus, Human Immunodeficiency Virus Type 1, Influenza A (H1N1) Virus, Influenza A (H3N2) Virus, Influenza B Virus, Measles Virus, Mumps Virus, Norovirus, Rotavirus, Rubella Virus, Sars-CoV-2, Varicella-Zoster Virus, West Nile Virus, Yellow Fever Virus, Zika Virus.

MILDSTATISTIC PERFORMANCE: This product controls the following mold on hard, non-porous surfaces: *Aspergillus niger*.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
Wipe hard, non-porous food contact surfaces with potable water after application of product.
This product is not for use on medical device surfaces.

FOR USE AS A DISINFECTANT, VIRUCIDE*, DEODORIZER, CLEANER: Pre-clean heavily soiled areas. Apply this product undiluted to disinfected hard, non-porous surfaces with a sponge, brush, cloth, mechanical spray device. For spray applications, spray 8-16 inches from surface. Do not breathe spray. Treated surfaces must remain wet for 10 minutes. Wipe dry or allow to air dry. Change solution daily or when visibly dirty.

BLOOD/URINE PATHOGEN INSTRUCTIONS: KILLS HIV, HBV AND HCV ON PRE-CLEANED HARD, NON-POROUS SURFACE OBJECTS PREVIOUSLY SOILED WITH BLOOD/URINE. **BODY FLUIDS** in health care settings or other settings in which there is an expected likelihood of soiling of hard, non-porous surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1), Hepatitis B Virus (HBV), and Hepatitis C Virus (HCV). **SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1, HBV AND HCV ON SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS:** Personal Protection: Wear protective suit, gloves, apron, mask and eye protection. **Cleaning Procedure:** Blood and other body fluids must be thoroughly cleaned from hard non-porous surfaces and objects before application of this product. **Disposal of Infectious Materials:** Blood and other body fluids, cleaning materials and clothing must be removed and disposed of according to federal, state and local regulations for infectious waste disposal. **Control:** Treat the area with this disinfectant to control mold for 2 minutes to kill mold and for 10 minutes to kill all other viruses and bacteria listed on the label.

TO CONTROL MOLD/MILDEW: Apply product undiluted to hard, non-porous surfaces which are effectively inhibit the growth of mold and mildew and their odors. Repeat treatment every seven days, or more often if new growth appears.

NON-ACID TOILET BOWL AND URINAL DISINFECTANT DIRECTIONS: Remove heavy soil prior to disinfection. Empty water out of toilet bowl and add 1-2 oz. of this product to exposed surfaces, including under the rim with a toilet brush, cloth, or sponge. Brush or scrub thoroughly, then allow solution to stand for 10 minutes and flush.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage and disposal.
PESTICIDE STORAGE: Store only in original container. Keep this product under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use.
PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or residue is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER HANDLING: Non-Refillable Container. Do not reuse or refill this container. Triple rinse container promptly after emptying. Triple rinse as follows: Fill container 1/4 full with water and recap. Shake for 10 seconds. Drain for 10 seconds after the flow begins to drip. Follow Pesticide Disposal instructions for residue disposal. Repeat this procedure two more times. Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Causes moderate eye irritation. Harmful if swallowed or absorbed through skin. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARDS
This pesticide is toxic to fish and freshwater aquatic invertebrates.

FIRST AID
In case of emergency, call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. **IF ON SKIN:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. **IF SWALLOWED:** Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. Call a poison control center or doctor immediately for treatment advice.

ACTIVE INGREDIENTS:
Alkyl (50% C₁₂-40% C₁₈, 10% C₁₆)
dimethyl benzyl ammonium chloride 0.034%

Rechargeable Forced Air Purifying Respirator with Hood IMS7300

IMS7300

Rechargeable Forced Air Purifying Respirator with Hood

High Efficiency Filtration Intelligent Air Supply

Chinese Center for Disease Control and Prevention, the Bureau of Disease Control and Prevention of National Health Commission of the P.R.C. has recommended personal safety protective equipment for high-risk operation in corona virus control and prevention. TH2 respiration protection level, filtration efficiency up to 99.97%, effectively protect against hazardous particulates including virus in air, ensure life safety and comfortable operation of medical workers.

Higher safety level

CE EN12941 certified, reach TH2 respiration protection level. P3 filter with filtration efficiency up to 99.97%.

Extremely comfortable

Positive-pressure air supply, stably convey filtered clean air to head and face of wearer, micro-positive pressure protecting wearer from respiratory resistance, avoiding stuffiness and facilitating respiration.

Anti-fog, more reliable

Clear vision without fog, ensuring smooth operation and testing. Reduces visual obstruction to improve work efficiency.

Product overview

Item No.	IMS7300
Product name	Rechargeable Forced Air Purifying Respirator with Hood
Description	White
Standard approved	EN 12941 TH2

Rechargeable Forced Air Purifying Unit

Item No.	IMS7300-R
Product name	Rechargeable Forced Air Purifying Unit
Description	Rechargeable Forced Air Purifying Unit (including main body, front cover, standard battery, shoulder tape, breathing tube, flow meter, etc.)
Flow design	Minimum flow design: 165L/m High-speed flow design: 210L/m
Battery type	Chargeable Li-ion
Battery charging time	About 1 hour for standard type
Filtration efficiency	99.97%
Main body weight	1020g

Applications

- ✓ Isolating ward and medical observation site
- ✓ Transfer of the infected
- ✓ Corpse treatment
- ✓ Environment disinfection
- ✓ Sample collection
- ✓ Laboratory testing

Lead time: 10-14 Days
Minimum Order: 10 Units
One Size Fits All

Face Shields

Facial Shield

Anti-Fog, Anti-Virus, Anti-Splash
High impact and temperature resistant
PET Shield Lens
Sponge cushion headrest
Elastic Stretch Tricot Band
PVC Buckles
Size: 33x22cm

Goggles

CE EN166:2001 AND ANSI/ISEA Z87.1-2015
SAFETY GOGGLES CERTIFICATE

PACKING:

- ❖ 10 pcs/Inner Box
- ❖ 200 pcs/CTN
- ❖ CTN size:83*45*39cm
- ❖ Gross weight:15.5Kgs/CTN

- ❖ Anti-Fog Wide-Vision Lab Safety Goggles ,Eye protection for Classroom,Lab,Home,and work place safety
- ❖ Safety goggles Chemical Splash and impact resistant,Goggle Clear Anti-Fog/Anti-Scratch Coating Protective Eyewear
- ❖ Polycarbonate Lens:Clear ,good visual effect ,Splash-proof,UV400 blocking
- ❖ Soft edge design:Frame is made of soft silicone ,Soft and Bendable ,comfortable to wear .
- ❖ Adjustable head belt:The elastic band design to facilitate the fastening of the head circumstance .It has wide space and it is suitable for various head circumstances

Distance Decal

Product Details

- 12" Floor Safety Decal
- Cast vinyl decal with luster finish cast vinyl overlamine for added protection
- Can be set at 6ft apart as a reminder to keep a safe distance
- This product can be installed on a clean, smooth, flat surface
- Once applied, this product is not reusable
- Can be used indoors or outdoors
- Product is not customizable

Min. Order QTY: 100

Sneeze/Cough Guards

Product Details

Acrylic Sneeze Guard

- Table top mounted clear plastic shield to reduce transmission of airborne particles
- 23.5"W x 29.5"H
- 8" mounting depth
- Made with 1/4" Acrylic Shield with a credit card pass through on the bottom

Min. Order QTY: 10
